Parfitt Cresswell

Commercial Property Lawyers

Helping build enhanced value into your business

Commercial property law is complex and consistently evolving. There are business opportunities to be seized, but also pitfalls for the unwary.

At Parfitt Cresswell, we have the experience and knowledge to help navigate - safely and profitably - the regulatory and legal developments that could threaten a transaction.

But we are more than mere trouble-shooters. Our experts offer you not only decades of commercial property law expertise, but also an entrepreneurial understanding of your particular business sector.

We understand the commercial pressures that you face daily and go the extra mile to advise and guide you through even the most challenging deals.

We assist businesses like yours every day and make complicated commercial property matters seem simple by speaking to you in plain English, not legal jargon.

You will know likely timescales, costs and outcomes from day one, and we will keep in contact throughout. If you have a question, we will answer it clearly and promptly.

Whether you are an individual property owner or an established corporate entity, Parfitt Cresswell can facilitate your every transaction. Our clients include investors, developers, lenders and land owners.

We regularly negotiate on behalf of buyers, sellers, landlords and tenants. Our clients are active across every conceivable type of business, such as office accommodation, licensed premises, health care, education, retail, storage and industrial.

We offer a FREE initial consultation giving you the opportunity to speak with one of our legal experts.
